

The East Anglian Bluegrass Boys

John Pearman started EABME at the Basingbourne Music College, 12 years ago. He ran them there for 2 years, then decided to bring it to his home village, Steeple Morden where it still thrives today.

John died on 9th October 2006 but his dream will always live on through the fans of his events attending each year.

East Anglian Bluegrass events and festivals are staged in the picturesque settings of the Steeple Morden hall and grounds. Many great names in bluegrass from around the world have played there, alongside our own home grown bands.

The events are held in memory of John.

Roots & Galoots from South Wales

Chris Moreton

UK's greatest guitarist, **Chris Moreton**. Chris can pick and sing all night, but we hope he will have some energy to do a guitar workshop!

The Duffy Brothers, these guys are super musicians & fantastic entertainers. Those of you who have seen them before know what I mean and those of you have not seen them are in for a great treat!!

Thank you for your kind support to these special events, we hope you have a good time and we are open to comments to improve on the events, so sit back and enjoy the entertainment!!
